EDUCATION

Bachelor of Technology - Data Science	2021- 2024
Meerut Institute Of Technology , Uttar Pradesh	GPA: 8.1
Diploma - Computer Science	2018- 2021
Government Women's Polytechnic ,Ranchi	GPA: 8.6

SKILLS

• Programming Languages	Python,C++,Java,SQL
• Tools	Jupyter,Vs Code
• Web Development Frameworks	HTML,CSS
• Databases	Oracle
• Core Skills	DBMS,Problem Solving,Operating System,Machine Learning

EXPERIENCE

Salesforce Developer Intern	May 2022 - July 2022
SmartInternz	<i>Virtual</i>
<ul style="list-style-type: none">• Guided by Salesforce Expert to how to use Salesforce platform and make Project .• Task: Apex Specialist and Process Automation Specialist- SuperBadges.	
AI Trainee	Oct 2021 - Jan 2022
EduNet Foundation	<i>Virtual</i>
<ul style="list-style-type: none">• Worked on different Machine learning algorithms.• Project : House Price Prediction.	

PROJECTS

Movie Recommendation System.

- Tech Stack:Machine Learning,Python,Javascript,HTML,CSS
- It recommends the Hollywood movies and also included some extra features like reviews and feedbacks.
- Algorithm Used:Cosine Similarity,NLP(Sentiment Analysis).

Loan Prediction. [\[Github\]](#)

- Tech Stack:Machine Learning,Python,Streamlit
- It predicts whether a person is eligible for loan or not
- Algorithm Used:Logistic Regression,Support Vector Machine

House Price Prediction. [\[Github\]](#)

- Tech Stack:Machine Learning,Python
- Build a model that will predict the price of houses in particular Cities.
- Algorithm Used:Linear Regression,Lasso,Ridge

ACHIEVEMENTS

- Solved 400+ Problems On different platforms. [\[Leetcode GeeksforGeeks \]](#)
- Selected for Macquarie Group Scholarship from edX! among 35,000 applicants.

POSITION OF RESPONSIBILITY

- Chairperson of GFG STUDENT CHAPTER MIT of GeeksforGeeks student community.I am responsible to outlook all the terms and follows ups.
